CURIOSITY

That's Würth

- The core business of the Würth Group is trade with fastening and assembly material
- Sales and distribution are carried out from own locations and employees from small business to industry customers
- The range of products contains more than 1,000,000 products from the C-parts segment
- Servicing more than 2.9 million customers worldwide across a wide range of companies
- Allied Companies handle the related business areas in addition to the core business
- Würth produces approx. 5% of sales inhouse, mainly specials
- IT services, financial services, Solar and Nano technologies
